

### **Message Three—Study Questions**

1. How does the prophecy through typology in 2 Samuel 7:12-14a reveal God's intention to reconstitute our entire being with Christ?
2. Describe the thought of the divine seed of life needing human nutrients for its growth for Christ to carry out His intrinsic building in our hearts.
3. What is it to minister the building and builded God into others—a work of mutual constitution—for the building up of the Body of Christ?
4. Practice to paraphrase (if not memorize) and clarify the inscription on Brother Lee's tomb (as printed in point V.E. of the outline of this message).
